

Fold-Out Memory Album – Christmas Project

Fold-Out Memory Album

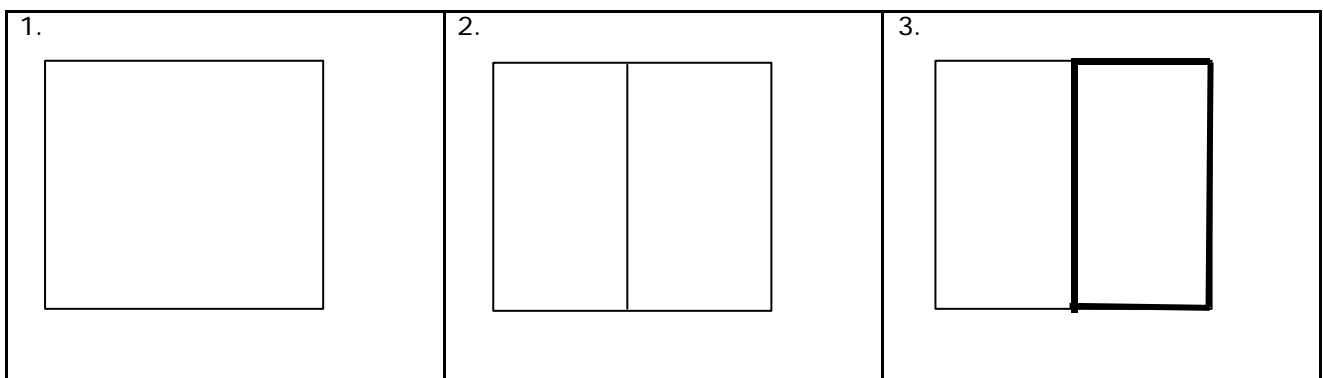

Materials needed...

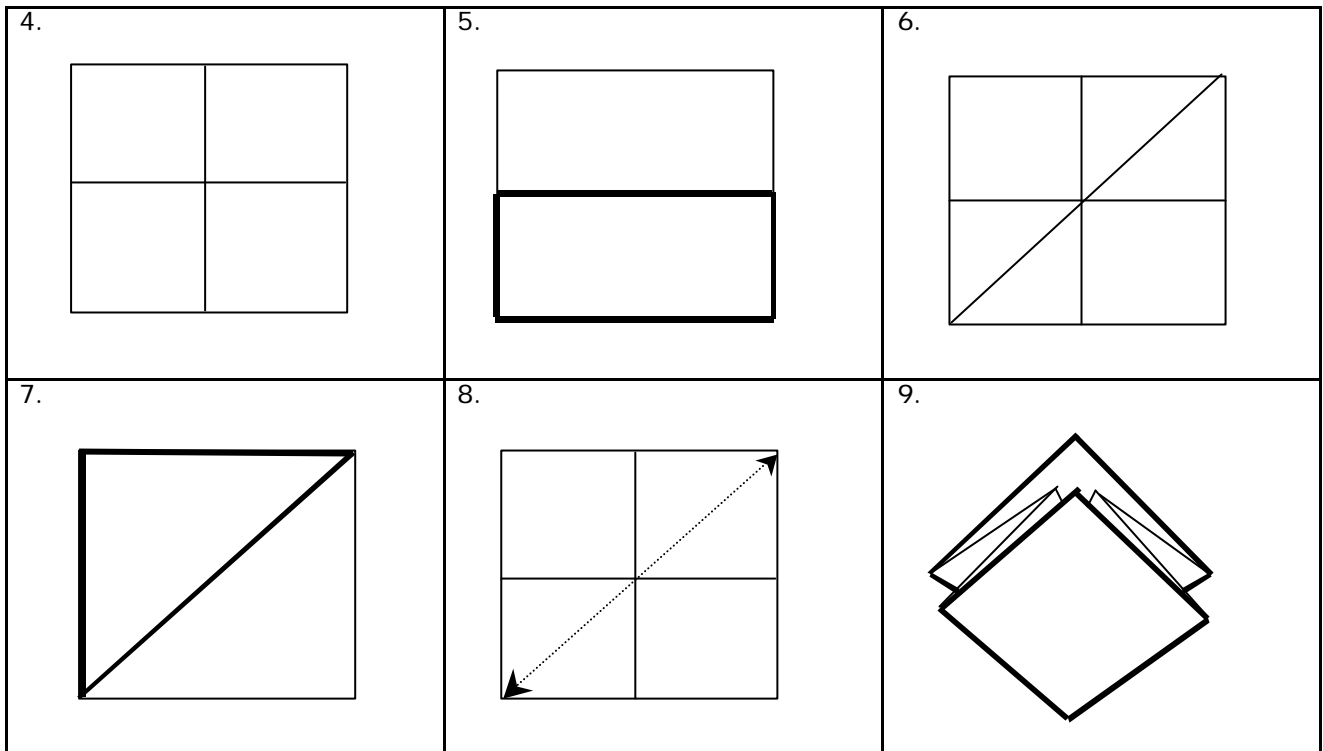

- * 3 sheets of square card...(I used 12 x 12...you can use whatever size you like)
- * 2 pieces of heavy card (I used 17cm x 17cm squares) for the covers
- * Patterned Paper for covering front and back covers.
- * Ribbon for fastening

Method...

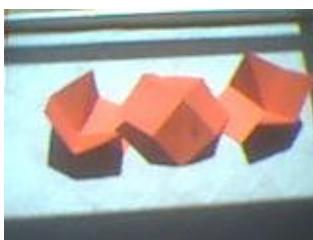

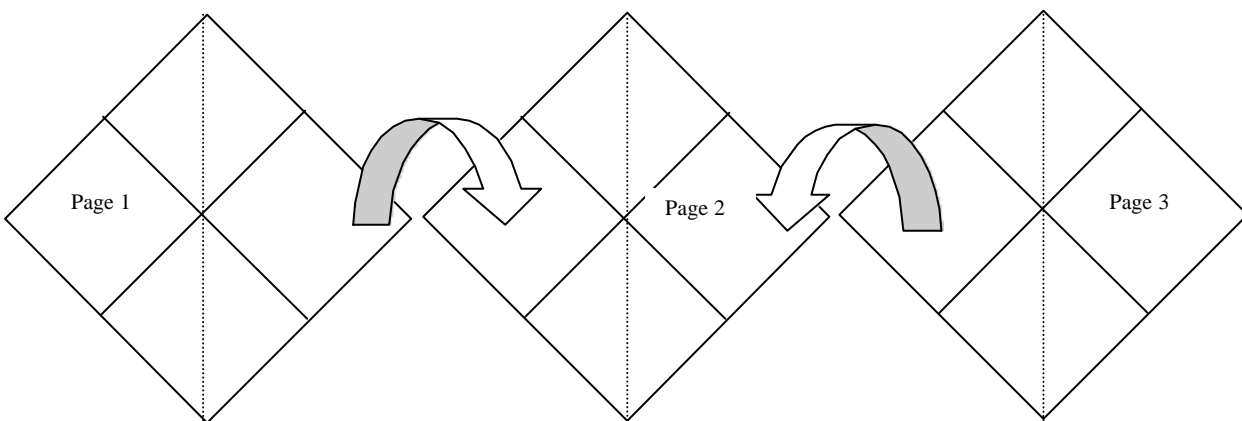

1. Take each sheet of 12 x 12 (or other size) and...
2. fold in half vertically
3. open up again.
4. fold in half horizontally....
5. open up again.
6. fold in half diagonally...
7. open up again.
8. fold each diagonal fold in on itself
9. you should now have both of the diagonal folds hidden inside the outside square.

Fold-Out Memory Album – Christmas Project

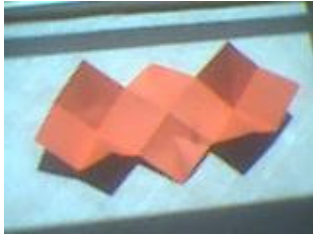

Once you have 3 pieces of card folded this way then you have to join them together. Take the first one lay it out flat with the point (centre) facing up. Take the second one lay it next to the first, but with the point facing down. Next take the third and lay it next to the second with the point facing up. Stick them together.

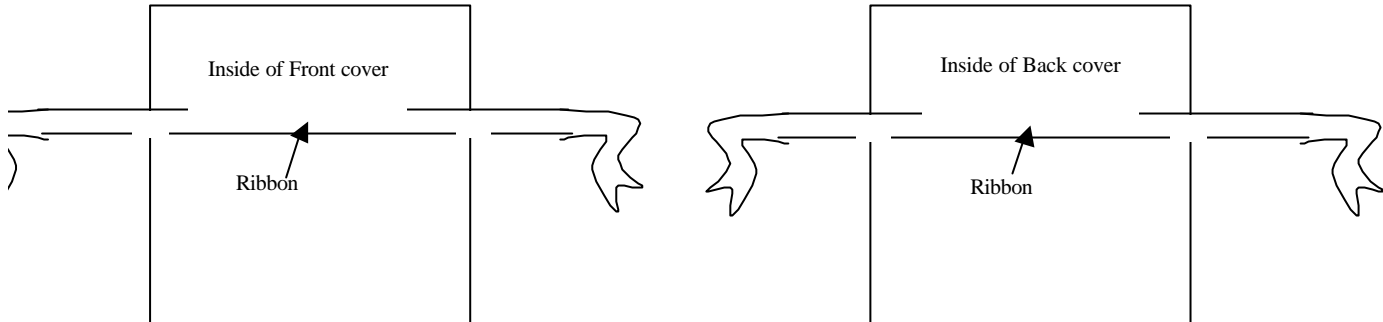

Attach Corner Square of page 1 to Corner Square of page 2. Do the same with page 2 & 3.

Once you have done this you should have something that looks a bit like this...

Fold-Out Memory Album – Christmas Project

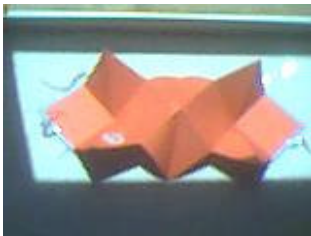

You can then cover the covers with whatever paper you like. Once they are covered take two equal lengths of ribbon and attach them to the inside of the covers as illustrated below.

Once the ribbons are attached you can then attach the front cover and back cover to the foldout section of your album. When you have finished it should look something like this.

Finished.

All you have to do now is add your photos and decorate the inside however you like.
