

Paint your own Xmas stocking!

## Paint your own Xmas stocking!

Make your own Christmas Stockings using our great products.

It's easy, it's fun and you will treasure them forever.

Make them as individual as you want or give them away as unique Christmas Presents!

1. Draw a design onto the stocking or trace a picture.
2. A stencil can also be used.
3. Childrens' colouring books, old Xmas cards, serviettes – all come in handy for ideas to put on your stocking.
4. Slip cardboard or plastic between the 2 layers of the stocking.
5. Paint the design onto the fabric, using Dala 100% water-based fabric paint in blue, green, red – the Xmas colours.
6. Colour the extra detail first, such as leaves, before painting the main motif.
7. You can now paint the background – if you so wish – not essential.

Outline your picture to give it a professional finish. For outlining we use a Dala fabric paint liner in applicator bottle with nozzle – different colours available – gold, silver, black etc.

Leave to dry.

Heat set the stocking with an iron.

The textile paint has now been permanently fixed onto the fabric and your stocking is fully washable.

**Dala paints – 100% water-based and safe for children**  
– No strong odours  
– Contains no harmful solvents
